

Skills Bootcamp: Business Analyst

Think Bigger. Analyse Smarter. Lead Change.

What Is a Skills Bootcamp?

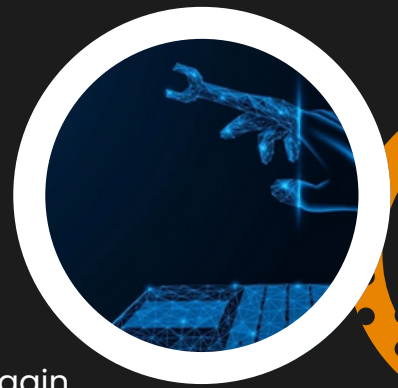

Skills Bootcamps are free, flexible training courses designed to gain real-world, employer-led skills in high-demand sectors.

- Lasts up to 16 weeks
- Designed in partnership with employers
- Finish with a guaranteed interview for a job in your chosen field

Delivered by: **AKR Growth** – *your trusted training provider helping learners confidently launch careers in tech, data, and business.*

Why Choose the Business Analyst Bootcamp?

- Learn practical tools and techniques used by business analysts today
- Gain hands-on experience with Excel, business process mapping, stakeholder analysis, Agile methodology, and more
- Understand how to gather requirements, analyse business needs, and support decision-making across organisations
- Ideal for beginners or career changers stepping into a high-demand role
- Receive personalised career coaching and interview preparation from the AKR Growth team
- Guaranteed job interview upon successful completion

Who Can Apply?

- Are 19 years or older
- Must live in England and have the right to work in the UK.
- Have the right to work in the UK
- Are committed to completing the course and taking the next step in your career

No prior qualifications or experience needed.

Support & Additional Benefits

Comprehensive, wraparound support including:

- Career coaching—CV writing, interview prep, mock interviews.
- Personal development—time management, communication, problem-solving.
- Ongoing check-ins during and after the course to track progress and employment status.
